Offsetting Competition

The thing for the merchants of this community to do in their own interests is to advertise faithfully, and to make their printed announcements interesting and helpful to those whose trade and favor are desired.

The serious competitors of the retailers of this community are the big stores of the big cities—those that send out catalogues and have mail-order departments.

The poorest way to offset this competition is for our local merchants to remain silent. For them not to "speak up" is to give the mail-order houses a better chance to get business from this community.

A WORD TO THE PUBLIC

When you send your money out of this community you enrich the great shops and impoverish this community. Strengthen—not weaken—the merchants of this community. It will all be returned to you in the form of better service and better values.

TO OUR SUBSCRIBERS

We have sent out a large number of accounts for overdue subscriptions during the last few weeks and as they represent quite a large sum of money to us, we would request that the same be paid as promptly as possible.

We have made clubbing arrangements with the publishers of the Canadian Power Farmer and all subscribers who now pay their subscriptions will receive the two papers for the price of one. See our offer on page 5.

Lloyd-George Resigns

After six years of the hardest work that any statesman has been called upon to carry through Premier Lloyd George of England resigned his position last week after a meeting of the Conservative Coalitionist members of parliament had been held in London. He is the only statesman out of all the countries which participated in the great war settlements who retained the confidence of his people for so long after the great war, and the immense worldwide difficulties which it has overcome will send his name down in history as the most remarkable man of his age.

Bonar Law Called Upon

The Conservative leader, Bonar Law, has been called upon to form a new government and is now at work forming his cabinet and will call upon the King to dissolve parliament immediately then make his appeal to the country. No definite date for the elections have been set as yet but reports state that they will likely take place between November 14th and 18th.

According to the receipt Mr. Lloyd-George is receiving from the common people in the cities and towns where he has spoken since resigning his popularity has still to be reckoned with. He has not stated yet as to what part he aspires to as leader although it is thought that he will become leader of the Liberal party or form a new party completely.

Although there is no outstanding policy of any party as yet on which the fight will be based the election promises to be more of a personal contest.

Canada's Place In The World

Referring to the position which Canada occupies as a producer of wealth F. C. Wade, Agent General for British Columbia in London, has said:

"Canada has only one-half of one per cent. of the population of the world. She produces 10 per cent. of its wheat, 85 per cent. of its asbestos, 35 per cent. of its nickel, 20 per cent. of its petroleum, 20 per cent. of its timber, 20 per cent. of its cured fish, 18 per cent. of its oats, 15 per cent. of its potatoes, 12 per cent. of its silver, 11 1/2 per cent. of its wool, 11 per cent. of its barley, 4 per cent. of its gold, 1 per cent. of its copper."

Contemplation of the fact that with only one-half of one per cent. of the world's population, Canada is already contributing so largely to the world's wealth, coupled with the further fact that, as yet, owing to lack of population, the enormous wealth of natural resources which the Dominion possesses, have barely been scratched, should convince even the most pessimistic of the great future in store for this country. These figures alone are sufficient to establish abundant confidence in the future of this country.

These figures, however, only begin to tell the story of Canada's present position. Last year Canada's exports to foreign countries reached a total of \$1,000,000,000, and more than 50 per cent. of this total was made up of "fully or partly" manufactured goods, thus demonstrating that, in an ever increasing extent, the raw materials produced in the Dominion are being utilized in our own factories and shipped abroad in a finished or partly finished condition instead of in their raw state.

At the recent meeting of the General Assembly of the League of Nations an official declaration was made naming the six most important nations in the League, outside the Allied powers of Great Britain, France, Italy, Japan, etc., and Canada was accorded a prominent place among these six.

If this is the position now occupied by the world's estimation and in world commerce and economies by a figure and only partially developed country of only about 10,000,000 people, it is not too far to realize the position which, with several times its present population, and the more complete settlement of its lands and more intensive development of its resources, its resources are situated around the world's board of the world's commerce. What international aid for the United States in the last century, it can do in Canada in this century.

The late Sir Wilfrid Laurier once declared that the Twentieth Century belonged to Canada. The Great War delayed the fulfilment of that prophecy, but it was only a temporary interruption, and the final result will well be that, with careful and energetic management, the realm now following the war may be turned to Canada's advantage.

The Dominion needs immigration of a two-fold character, people and capital. Young men and women, healthy and ambitious, are required to settle on our vacant lands, and are needed to engage in the production of wealth from our forests, our fisheries and our mines, because will be needed to build railways, roads and various government and municipal works, capital is required to make such enterprises possible and profitable enterprises for these people. The one cannot proceed without the other.

The Dominion needs some of our national policies should, therefore, be the maintenance of the right type of immigration and the providing of all reasonable inducements and assistance to foreign capital to engage in the task of building up a great and prosperous Canadian nation, and to this great enterprise the Canadian people, East and West, should heartily devote their best energies.

The Mayo Clinic next winter, it is expected, will expect to double the season's business. Most of it is already mined and loaded.

MANY TROUBLES COME THROUGH THE BLOOD

If Keep Rich and Red Good Healthy Will Be Yours

Nearly all the common diseases are caused by bad blood. Poor blood, watery blood, blood poisoned by impurities. Bad blood is the cause of headaches and dizziness, nervousness, rheumatism, debility, and indigestion, nervousness, and other nerve troubles. It is bad blood that causes skin diseases, like eczema, and skin eruptions, pimples and eruptions. The severity of the trouble indicates how impure the blood is, and it goes on from bad to worse unless steps are promptly taken to enrich and purify the blood. There is no use trying to find a different measure for each trouble, for they all come through the one cause, bad blood. In conditions of the kind that Mr. Williams Pink Pills have been found very beneficial, as they force a driver or even the blood on, and get it purifying. That is why this medicine has been so successful. All other cures are more likely to reach the root of the trouble in the blood. Mr. Albert E. Gillin, Mount Pleasant, N.Y., tells how these pills did for him. He says: "Some months ago I was in a badly run-down condition. My blood was poor, I had no appetite and my work fell me completely. I tried all I could with no result. I was altogether in a miserable condition. I was taking medicine but it was not doing me any good. At this stage a friend who had used Dr. Williams' Pink Pills with beneficial results, advised me to take them, and within a few days I did so. The result can be summed up in a few words. I took the pills for a little more than a month, when I can honestly say I am well, better in physique. I can now eat a hearty meal and do work with comparative ease and have gained in weight. I advise every man, woman, or child to give these pills a fair trial."

And can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 (cash). The Dr. Williams' Medicine Co., Brockville, Ont.

America's Lumberman for B.C.

The placing of slandages on the tree has caused American manufacturers to look to British Columbia to establish mills, according to Seattle dispatches. One large manufacturer has announced that he will eventually discontinue his large mills now operating in Washington, and remove them to British Columbia. The position of the Americans is rendered more difficult by the fact that there is a duty of \$100 a thousand on logs. Most of the lumber is now being exported to Washington and Oregon mills from British Columbia.

Britain Still Leads

Relative Strength of Shipping Tonnage of Leading Nations

The new edition of Lloyd's Register of Shipping contains some illuminating figures on the relative strength of the shipping tonnage possessed by the various nations. The figures are really striking, and indicate that, while Great Britain has increased her tonnage only in a slight degree, the United States has made tremendous strides. The advantage gained places the latter country in a position to successfully compete with Britain for the mastery of the world's trade. If tonnage alone counted in the development of a vast commerce, the United States would be in a position to threaten the present supremacy of Britain on the sea.

There are altogether 32,935 seagoing vessels in the world, and their total tonnage is 61,370,786. Of this number, 1,500 vessels are sailing vessels aggregating 2,027,321 tons, and 29,435 are steam and motor ships of 61,343,465 tons. Great Britain leads the list with 19,053,600 tons, an increase of only 176,600 tons since June, 1911; the United States comes second with 12,000,000 tons, an increase of 10,625,000 tons since 1911.

In 1911 Germany ranked second to Great Britain with 5,000,000 tons, while now she possesses only 1,752,000 tons. Norway has descended from third place to seventh, and Japan has risen from sixth to third position.

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. **YOU GET
THE AMOUNT OF THAT CHEQUE**

We have made arrangements with the E. H. Beach Co. Limited who publish the CANADIAN POWER FARMER whereby we are able to offer that farm magazine together with our own weekly at the one price for both papers.

The CANADIAN POWER FARMER is Western Canada's biggest farm monthly. It is now in its twentieth year which means that it is thoroughly established throughout the West. It deals with the mechanical side of the farm. Every issue is full of helpful hints and experience on the operation of all kinds of farm machinery from a washing-machine to a tractor. Its editorial staff consists of men thoroughly familiar with every branch of farming both from the practical and theoretical standpoint. Every month the magazine publishes experiences sent in by readers. Many of these are short cut findings that are real money savers to farmers.

This offer may be withdrawn at any time. Without doubt your intention is to renew for this weekly, then why not take advantage now. Your subscription to this weekly together with a year's subscription to the CANADIAN POWER FARMER for the same price at this weekly alone. This is where you get the \$1.25.

WEDNESDAY, OCTOBER 25,

It is expected that at the coming of the next session of the Dominion parliament that a repeal or at least a modification of financial war legislation and the placing of Canadian currency on a gold foundation again will be enacted.

"POPPY DAY" NOV. 11th

"Poppy Day" will be held in Canada as well as in all the Allied countries on Armistice Day, November 11th. The campaign in Alberta will be conducted by the Provincial Command of the Alberta Great War Veterans' Association, and the actual selling will be in the hands of the various locals throughout the province.

In this connection it is stated that there are a number of districts in Alberta where the veterans are not organized, and in such instances any other organization willing to conduct the campaign there is requested to get in touch with R. Gallacher, the Provincial Secretary, 207-5 Oddfellows Block Calgary. It is hoped to have the province so organized that citizens in every district will have an opportunity to secure a poppy and wear it on Armistice Day.

The flowers will be sold during the week preceding Armistice Day. The entire proceeds from the fund raised will be used to relieve distress among disabled returned men and their dependents in the province. Every citizen is urged to wear a poppy in honour of the men who fought so bravely during the Great War and "In memory of those who he could not express."

OLDS SCHOOL OF AGRICULTURE OPENS FOR THE NINTH YEAR

On October 21st, the doors of the Provincial School of Agriculture will swing open to receive the students for the ninth year.

Despite the difficult financial situation that obtains at the present time, prospects for good attendance are very good. Already one hundred applications for enrolment have been received and more come daily. This shows that the work of the school is being appreciated, and is directly due to the success achieved by graduates of the school. Another fifty or more students could well be accommodated this winter.

The courses for young men and young women, in Agriculture and Domestic Science respectively are of a very practical nature, and the information given is the result of many years of Scientific Investigation and Practical Observation.

Dormitory accommodation, in a modern home and including board, room, and laundry, has been provided for young women at a rate as reasonable as \$23.00 per month. Here the girls enjoy lots of companionship and enjoyable life directly under the eyes of the instructors in Domestic Science. Good accommodation can be had by the boys at a slight increase in cost. Private homes in the town where young people cannot do better than to plan to spend the winter furthering their education and thus better fitting themselves for their future life.

Attention should also be given to the extension service provided by the school. Speakers will be sent on request when possible for farmers and women's institutes and similar meetings and valuable information, by letter or bulletin, will be disseminated on application gladly and free of charge.

MOUNTAIN VIEW W. L.

Mr. View W. L. will serve a "billion" supper from six until nine at the Community Hall on Friday, October 27th. Menu: Scalloped potatoes, with lots of cream, chicken salad and Boston baked beans, pickles, too, gingers, bread and butter sandwiches, no more, fruit pie and cheese, tea or coffee as you please. Come everybody and give the cook a rest. Patronize the W. L. cooking. Dancing will start around eleven o'clock. The price of admission will be 25c for children and 50c for adults.

\$250,000.00 has been saved to the farmers of the west so far this season because of the reduction in freight rates. At this rate it is estimated that 250,000,000 will be the saving on the west on the 1922 crop.

According to Dr. Hargreaves, chief veterinary inspector for the province, the Calgary district dairy herds are in splendid condition, in fact is one of the best in the Dominion. In the first tests made for tuberculosis, 8 herds were running as high as six per cent, in reactions, no way are well under one per cent.

Heals Inflamed Nostrils, Stops Catarrhal Discharge, Relieves Colds Quickly

You'll be pleasantly surprised at the quick action Catarrhine has upon Catarrhal conditions in the nose or throat. It is so soothing, so healing, so agreeable to use, so safe and reliable that thousands prefer to use it everyday. No nasty medicine to take—you just breathe in the balsamic vapor, the healing essence of Catarrhine and feel better at once. Catarrhine is breathed through the inhaler into every air cell in the lungs, into every air passage in the throat and nostrils. No matter where the cold or Catarrh is, Catarrhine will reach it. You can keep free from colds, cures, hemorrhoids and the like by using Catarrhine. Two months' treatment One Dollar, small size 50c. Dealers everywhere, or the Catarrhine Co., Montreal.

A Visit to the Old Land

Canadian Pacific Through Service for Old Country Christmas and New Year Travel

For the accommodation of Christmas and New Year visitors to the Old Country, the Canadian Pacific Railway will operate special tourist sleepers from Edmonton, Calgary, Saskatoon, Moose Jaw and Regina, to connect with special trains from Winnipeg 9:20 a.m. on Saturday, December 9th, operating through to the ship's side at West St. John, on the sailing of the S.S. "Montevideo," December 12th.

Special through tourist sleepers will also be operated for other December sailings as follows:

For the S.S. "Tunisienne" to Liverpool, sailing from St. John, December 1st. Through tourist sleepers from Calgary, Moose Jaw and Regina, on December 27th, and from Winnipeg, December 28th.

For the S.S. "Victorian" to Glasgow, sailing from St. John, December 7th. Through tourist sleepers from Calgary, Moose Jaw and Regina, December 2nd, and from Winnipeg, December 3rd.

For the S.S. "Metanissa" to Southampton, sailing from St. John, December 9th. Through tourist sleepers from Calgary, Moose Jaw and Regina, December 4th, and from Winnipeg, December 5th.

For the S.S. "Montevideo" to Liverpool, sailing from St. John, December 12th. Through tourist sleepers from Edmonton, December 7th; Saskatoon, December 8th; Calgary, Moose Jaw and Regina, December 9th, and from Winnipeg, December 12th.

This service will enable those desiring to visit the Old Country, a direct through service on the Canadian Pacific, eliminating the changing of trains and transfers.

Any Canadian Pacific Agent will gladly furnish particulars of sailings, rates, etc., obtain passages and arrange reservations on through sleepers.

Goodbye Asthma. Persons suffering from this extremely trying trouble know just what it is to live with all their hearts for escape from a tyrant. Never do they know that this struggle is ended in vain. With Dr. J. D. Kellogg's Asthma Remedy at hand, however, they can say goodbye to their enemy and enjoy life again. It helps at once.

Roller Bearings for Trains

Successful roller bearings in trains, for a long time a dream of engineers, seem to have been produced in England. One man pushed with ease a twenty-seven ton coach equipped with the new bearings, whereas it had taken seven men to push it without the bearings. It is expected that the saving in fuel will be about thirty per cent.

The Oil for the Farmer. A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but these are directed by its use on sick cattle. There should always be a bottle of it in the house.
